PROFESSIONAL SUMMARY

Full Stack Developer Intern with hands-on experience in building responsive user interfaces, RESTful API integration, and role-based admin dashboards using React, Tailwind CSS, and Node.js. Also experienced in data analysis and visualization using Power BI, with hands-on experience in creating interactive dashboards for business insights.

EDUCATION

BE Computer Science and Engineering – Knowledge Institute of Technology, Salem (2021–2025) | CGPA: 7.7

HSC – Erode Hindu Kalvi Nilayam (2020–2021) | 85%

SSLC – Erode Hindu Kalvi Nilayam (2018–2019) | 80%

SKILLS

Frontend: HTML, CSS, JavaScript, TailwindCSS, React.js

Backend: Node.js, Express.js, REST APIs

Database: MySQL

Data Visualization: Power BI

Tools: Git, GitHub, Postman

PROJECT EXPERIENCE

Admin Panel - Team and Project Management System

Developed a role-based admin panel to manage teams, projects, tasks, and members using REST APIs. Implemented JWT-based authentication and role-based authorization with secure access control. Built dashboard metrics and full CRUD operations. Developed the frontend using React.js and Tailwind CSS and the backend using Node.js REST architecture.

DMart Sales Analysis - Power BI

Analyzed retail sales data using Power BI. Created dashboards with charts, slicers, and filters to identify trends and improve business insights.

Responsive Website Development

Designed and developed multi-page responsive website using HTML and CSS with mobile-friendly layouts and structured navigation.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern, Tecsity (Sep 2025 - Present)

Worked on admin panel development for team, project, task, and member management. Developed REST APIs and integrated them with React frontend. Participated in Agile development, debugging, and feature improvements.

Web Development Intern, Exposys Data Labs (Aug 2022 - Sep 2022)

Developed responsive multi-page websites using HTML and CSS. Improved UI usability and mobile compatibility.

Junior Data Analyst Intern, Nurture InfoTech

Created interactive Power BI dashboards using charts, slicers, and filters. Performed data cleaning and analysis to generate actionable insights.
